The Grand Tourer has all the gear from the highly acclaimed Pilbara, plus a lot more. We've added all the often requested features to the GT, then we've gone and added a few extras.

These are the Main additions:

- 2 x 65 watt mounted solar panels.**
With a tilting ability.
- 120 amp hour battery.**
Combined with the solar panels makes extended remote travel that much easier.
- Solar powered fan in the fridge box.**
Helps the power efficiency of the fridge.
- Lockable Tool Box left of the fridge box.**
Holds 3x 20 litre Jerry's or a genny + a lot more.
- Redarc Smart Start Battery Management System.**
- 3 x Alloy Rims.**
Light weight & look great.
- 3 x Mickey Thompson ATZ tyres**
- Storage Bin no lid by the gas bottle.**
- Four (4) burner S/Steel cooker.**
With griller and wind shield on a stainless steel bench.
- A Trigger Tap/Shower with Flojet pump.**
- Mattress Underlay.**
Eliminates condensation under the mattress.
- LED Strip Lighting to Fridge Box.**
Lots of light, less power usage.
- Carpet on Storage deck and Rear Panel.**
Also carpet in under floor storage area, on wheel arch and base.
- Solid Rubber Jockey Wheel.**
Making maneuvering the camper trailer even easier.
- Additional 12 volt socket in the kitchen.**
- 2 x Air vents to tent side walls.**
Provides even greater air flow.
- Greaseable Rear Hangers.**

We've taken Australia's most innovative offroad trailer, with the biggest kitchen & largest waist level storage area & removed the tent to provide an additional massive storage draw, measuring 2100mm long x 1200mm wide x 300mm deep.

The huge draw is stored in a water proof compartment, and simply rolls out giving you access to every inch when needed.

The Stockman can also be converted into a standard Adventure Camper with the addition of the tent at any time in the future. This provides exceptional flexibility & protects your investment, as 2nd hand Adventure Campers are hard to come by and are quickly snapped up.
